

WORLDLY TROUBLES!

The world we live in constantly changes. There are forces of good inspiring deeds of uniting souls in affectionate concern for the well-being of others. There are forces of evil inspiring deeds of dividing souls in contentious, angry, slander. Freedom of speech is a two edged sword. One person's freedom fighter may be another person's terrorist. The polarity of people holding tenaciously maintained principles and practices fuel a never-ending feud which may overwhelm us with painful, distressing thoughts and emotions.

The **expression of Love** takes many forms. Prioritizing spiritual Love above worldly troubles brings Peace to our soul enabling us to reconcile imperfection within ourself and between others. Forgiving forethought and afterthought creates faithful good will to restore broken relationships among dissimilar people.

Our mission is to bring an enlightened focus to the words spoken by Jesus Christ; "Love one another". Let us help you discover a Love spiritually that is forgiving in thought, word, and deed. Let us help you enjoy a true Love that grows bridges of loving good will not just among those who think just like you but also those who think differently than you.

I am a Christian, a retired physician, and spiritual philosopher. It is not my intent to convert the reader from their current practice of faith, atheism, or idealism. It is my intent to reveal evidence from a spiritual resource familiar to me to expand the understanding of others to supplement their faith, atheism, or idealism in a logical manner that may be shared universally to facilitate unending elasticity of spirit in the presence of provocation or offensiveness of thought and emotion when experiencing worldly troubles.

Sincerely,

William
